

Committee on Academic Professional Status Activity Report 2011-2012

- Solicited new members from new hires list. This has been minimally successful and may not be worth the effort to continue
- Scott P. Muir agreed to a second term as chair. Scott Bingham agreed to be secretary
- Raised issues related to the difficulty of identifying APs to serve on committees, especially those with continuing appointment.
- Reviewed questions per the ACD manual, re: 509-03 and 507-08. After consulting with several Senate Presidents and with Dr. Searle, VP of Academic Personnel, CAPS suggested the individual take up the issue directly with the Senate. This was an ongoing conversation over several months.
- Noted that minutes for Spring 2011 are not posted and were never distributed. Former secretary has retired and not able to provide. Most of discussions in Spring 2011 dealt with asking Dr. Mark Searle to speak via video conference.
- Reviewed draft report of the Non Tenure Track Faculty Task Force.
- Working on sample AP packets for promotion to post to BlackBoard site, still in process
- Shared information with CAPS members about AAUP speaker, Donna L. Potts
- All meetings were held via conference call. Minutes will be posted to the CAPS website
- Rotating off committee in June 2012, Scott Muir. All other members continue

Scott P. Muir
