Unleashing the modern IT workforce:

ASU Enterprise Technology

We advance the strategy, support and security to align the ASU Public Enterprise's technology ecosystem and enhance the digital experience for all. Our teams are organized into two focuses, dedicated to:

Align enterprise-wide technology transformation strategies including organizational development and culture, information security and trust, IT partnerships, projects and programs.

Provide exceptional digitally-enhanced experiences for students, faculty, researchers and staff, as well as the communities we live in and serve.
