Senate President Brenda Hosley

The fall semester Academic Assembly reception was a wonderful success. The reception was attended by the largest number of participants to date.

The campus Presidents have been working to complete projects which will assist in advancing the university. Additionally, we are currently staffing the Senate's sixteen committees, each of which supports faculty and AP perspectives in the shared governance setting here at ASU.

I am happy to announce that the Thunderbird School of Global Management recently added a senator and a representative to the Curriculum and Academic Programs Committee; we are pleased to welcome

them to both the ASU community and the University Senate. Have a great year and stay involved!
