Overview Narrative:

The following summarizes committee work accomplished throughout this past year:

Section II

Request for Consultations and/or topics reviewed by the committee and outcomes (topics reviewed by the committee decided not to act/review should be listed here with, no action taken):

Academic Integrity: DETL met with Dr. Anne Jones, Associate VP for Undergraduate Education to discuss updates on the efforts of the Academic Integrity Officers in addressing Academic Integrity issues and strategies for managing the flood of academic integrity concerns as related to web sites such as Quizlet. **Outcome:** DETL gathered academic integrity prevention strategies to share with University Senate at the January, 2022 meeting.

Peer Communication Strategies:
- Senate Dashboard/Blog
    - *TechTalks*
        - January: Devi Davis-Strong, *TopHat*
        - February: Rob Gray, Podcasting
        - April: Steve Salik, Mary Lou Fulton Teacher's College, *Adobe Creative Cloud Express*
    - Collaborated with Learning Experience (Kyle Bowen and Allison Hall) to share information about changes to essential learning technologies
        - Key information links for teaching
        - Transition from Media Amp to MediaPlus
        - Site wide license for Qualtrics changed to QuestionPro
    - Updated and disseminated *Top Ten Learning Technologies for Faculty*

Section III

Request for Consultations and/or topics that were not started or remain unfinished and need to be carried over to the next academic year.
1. **Advisory Opportunities: Outcome:** In progress
    - Interest in a mechanism for engaging faculty/APs in decision-making on teaching and learning.
2. **Peer Training Options: Outcome Progress**
    - What options exist and can be enhanced to provide peer training for faculty on pedagogy and learning technologies
    - Interests in peer training on academic integrity plus General Counsel summary of rights of the faculty member and the student vis-à-vis the sites such as Quizlet, etc.
3. **Research Computing and Data Security:** Concerns about the "current gap in secure data storage for the majority of ASU researchers" and the issues it causes for data on vulnerable populations. Is there or does there need to be a Senate Liaison on the Research Computing and Governance Committee? Consultation will continue in the 2022-23 Academic Year.

Section IV

The Ad Hoc Committee on Digitally Enhance Teaching and Learning is assessing it's scope and future role in the Senate with regard to learning and other technologies. Interests of the committee ongoing into the 2022-23 Academic year include:

- **Communication and advocacy on issues critical to faculty and academic professionals**
    - Promoting systematic opportunities for faculty voices in decision-making regarding new and changing learning technologies and other technologies such as security technologies.
    - Facilitating and promoting communication to and from faculty/APs via the Senate Dashboard/Blog and Senate Reports
    - Promoting peer training opportunities
