Arizona State University

DETL Pilot Project 2022-23

Ad Hoc Committee on Digitally Enhanced Teaching and Learning

The University needs a faculty advisory committee for technology matters.

Pilot: Expanded advisory role for DETL regarding university technology matters with representation from all colleges.

Goals

- Improve communication regarding Learning Technology
- Provide feedback
- Share best practices
- Build Community

Communication

- Representatives will share information with their respective academic areas.
- Canvas updates
- Learning Technology adoption
- Policy changes
- Resources and professional development

Feedback

- Learning Technology strategy for ASU
- Learning Technology adoption
- Learning Technology best practices
- Learning Technology events
- Support resources
- Security and privacy when using ASU infotech systems
- Ideas for engagement
- Communication strategy
- Learning Technology initiatives

Best Practices

- Meetings will foster peer to peer engagement on pedagogy and best practices.
- Members will be encouraged to share feedback from their respective areas
- Opportunities to showcase learning technologies
