

**Academic Professional Grievance Committee
Annual Report
2011-2012**

The Academic Professional Grievance Committee (APGC) worked with the Office of the University Senate and the Office of the General Counsel to coordinate a meeting with the new legal advisory team tasked with providing support to the APGC. Policies, procedures, and lines of communication were reviewed.

One request for a grievance hearing from 2010-2011 was responded to. I received a request for information about filing a grievance, and referred the Academic Professional to information on the Provost's website dealing with AP Grievance Procedures.

I met with Chuck Barbee and Darby Shaw, in the Office of the Senate, to review the policies and procedures they follow in response to the initiation of grievance procedures. The Academic Professional Grievance Committee now receives administrative support from the Senate.

Respectfully submitted,

Dan Stanton
Chair of the Academic Professional Grievance Committee
