

# ASU Online Proctoring –

using RPNow by Software Secure

Records

webcam view,  
desktop & audio  
monitored

Authenticates

identity of the  
exam taker and  
keeps record of it

Each exam  
reviewed

by two certified  
review specialists\*

On-demand

student can take  
exam anytime,  
anywhere

Cost effective

flat exam fee,  
no late fees

# RPNOW Features

- **On-demand proctoring**
- **Student identity verification**
- **Configurable locked down browser and electronic security**
- **Works on slower internet speeds**
- **Can be used with standard computer \***
- **LMS integration via LTI app**
- **Third party integration support**
- **Proctored exam result dashboard**
- **Exams reviewed by certified proctors**
- **Furnish videos of proctored exams**

# How It Works

## 1. Create and Register Exam

Launch the RPNOW App, then click to register your exam. **Customize exam profile** to tailor the desired level of electronic security.

FACULTY

## 2. Student Takes Exam

Student launches RPNOW. **Software verifies ID** and brings them to your LMS.

STUDENT

## 4. Report Results

Results of RPNOW exam review are delivered directly into the LTI App. Faculty and admins can review reports directly through LMS.

## 3. Review Reports

Student exam **records reviewed by two Software Secure certified proctors** to authenticate student ID to assure integrity.

# RPNow 5 Step Interview Process

---

- ① Exam selected and username entered
- ② Capture Photo ID
- ③ Perform Room Scan
- ④ Take User Photo
- ⑤ Navigate to Exam

# Faculty Reports

Proctored exam results with flagged violations are available for viewing inside the RPNOW App within 48 hours

The screenshot displays the RPNOW app interface for a faculty member reviewing an exam. The top navigation bar includes 'RPNOW', 'Exams', 'Exam Rule Profile', 'Review Reports', and 'RPNOW Tools'. The main header shows the exam name 'Cloud Computing Midterm' and the student's name 'Ryan Burg'. A video thumbnail of the student is visible on the left. To the right, the review status is 'SUSPICIOUS', the exam name is 'Cloud Computing Midterm', the exam session start is 'Nov 23 2015 11:15 AM (EST)', and the authentication status is 'CONFIRMED'. Below this, the 'Exam Policy' section is set to 'Closed Book'. The 'Web Camera Violations' section lists three instances of 'Reference materials' on 11/23/15 at 11:15:20 AM, 11:18:57 AM, and 11:21:09 AM. The 'Desktop Violations' section lists three instances of 'Browsing other websites' on 11/23/15 at 11:15:09 AM, 11:15:38 AM, and 11:15:47 AM, with the last one noted as 'Browsing other websites throughout the exam'. At the bottom, there are buttons for 'View Video' and 'View ID Photo', and the text 'Powered by Software Secure'.

# Faculty Reports

RPNOW lets you zero-in on specific exam policy violations

The screenshot shows the RPNOW interface for a faculty report. At the top, the navigation bar includes 'RPNOW', 'Exams', 'Exam Rule Profile', 'Review Reports', and 'RPNOW Tools'. The main header displays 'Cloud Computing Midterm / Brendan Bellefeuille' with utility icons for print, pin, delete, and refresh. Below this is a video thumbnail of a man in a classroom. To the right, key details are listed: 'Review Status: SUSPICIOUS', 'Exam Name: Cloud Computing Midterm (link)', 'Exam Session Start: Nov 23 2015 11:20 AM (EST)', and 'Authentication Status: CONFIRMED'. The 'Exam Policy' section shows 'Closed Book'. Two violation panels are visible: 'Web Camera Violations' with a record on 11/23/15 at 11:25:23 AM for 'Someone else in the room', and 'Desktop Violations' with a record on 11/23/15 at 11:20:17 AM for 'Browsing other websites'. At the bottom, 'External Resources' includes 'View Video' and 'View ID Photo' buttons.

# RPNow
