**+ = 100% tobacco-free campus (no forms of tobacco allowed). All other policies listed are smokefree only (non-combustible forms of tobacco are allowed).**

**<sup>e</sup> = No use of E-cigarettes allowed anywhere on campus.**

**These policies have been enacted but are not necessarily yet in effect. Please contact the school itself to verify the status of its policy. Note that some multi-campus educational systems adopt a centralized policy that applies to all campuses; other systems allow each individual campus to adopt its own policy.**

In creating this document, the American Nonsmokers' Rights Foundation relied on information found on the internet, information in student and campus administration handbooks and news articles, and information obtained from other tobacco prevention agencies.
